Dr. Pierce's Golden Medical Discovery is the medicine for the blood. You'll be willing to believe this, perhaps, if you think of the way it's sold to you. On trial—that's what it amounts so. In any case where it fails to benefit or cure, your money is returned. With any doubtful or ordinary medicine, this couldn't be done. And it isn't done, except with the "Discovery."

In every disease caused by a torpid liver or impure blood, this medicine will certainly cure. BERAU WINS A POINT.

Granted a New Trial of His Suit Against Ex-Alderman O'Connell. The General Term of the Second Judicial

claimed he paid O'Connell as 2 per cent. of
the amounts received under the contract.
This money, Berau said on the trial, was to
be paid by O'Connell to "Boss" McLaughlin
and his associates, who made their headquarters in Kerrigan's auction rooms in
Willoughby street.

Berau claims that O'Connell never paid any
of the money into Willoughby street as
agreed upon. Hugh McLaughlin, Thomas A.
Kerrigan, James Sheviin and other prominent members of the "ring" testified on the
trial that O'Connell never paid them a cent.
Judge Cullen rejected as evidence twenty
checks which Berau said he had paid O'Connell, on the ground that they did not show
for what purpose they had been used.

The General Term grants a new trial and
gives costs to abide the event.
